Portuguese(native)

English(Excellent)

Chinese (good)

Spanish (fair)

Full-Stack Web-Developer

Highly motivated and detail-oriented full-stack developer with a computer science background. Seeking a challenging position as a full-stack developer with proven skills in **HTML5, Bootstrap, CSS, SCSS, JavaScript, jQuery, ReactJS, PHP, Laravel and MySQL** . Always energetic and full of idea excellent in working with others to achieve an aimed objective on time and with professionalism.

Projects

Blog -Platform

- Designed and developed a blog platform from the ground up, showcasing proficiency in **PHP**, **MySQL**, **CSS** and **JavaScript**.
- Implemented secure user authentication and authorization mechanisms to ensure user privacy and data integrity.
- Implemented a user-friendly interface allowing users to effortlessly create, edit, and customize their blogs, fostering a seamless content creation experience

E-commerce Website

- Developed an e-commerce website as a personal project, demonstrating proficiency in **Laravel**, **MySQL**, **JavaScript**, and **CSS**.
- Using the Laravel framework for implementing robust authentication, authorization, and data management functionalities.
- Using **JavaScript** to enhance interactivity, enabling features such as dynamic product filtering, real-time cart updates, elevating the overall user experience.
- Implementing robust security protocols, including encryption and protection against web vulnerabilities, ensuring user data were secure.

Online Booking Platform

- Demonstrated proficiency in both front-end (**HTML**, **CSS**, **JavaScript**, **jQuery**) and back-end (**PHP**, **MySQL**) development.
- Designed and implemented an efficient **MySQL** database structure to store and retrieve booking information.
- Employed **PHP** for server-side processing, handling user requests, and interacting with the database.
- This project demonstrates a diverse skill set in full-stack development, **UI/UX** design, database management, security implementation, and effective collaboration using version control. The experience gained highlights a strong ability to create and optimize web applications.

Education

2017-09 - 2021-09
Tianjin University - China
Computer Science - Bachelor's

2023-09 - 2025-09
42 Lisboa
Software Development - Git control, Shell Script, C, C++

2023-03 - 2023-09
MasterD - Portugal
Full Stack Development - HTML, CSS, JAVASCRIPT, REACT, PHP, LARAVEL, SQL, MySQL

2022- 06 - 2022-
COURSERA
Front-End Development - HTML, CSS, JAVASCRIPT, JQUEY, REACT

Courses and Certificates

2023-03 - 2023-09   **Full-Stack Developer**, MasterD, Lisbon

2022-06 - 2022-10   **Front-End Developer**, Coursera

2021-06   **HSK4 (Chinese Proficiency Test)**, Score: 253/300

2021-03   **TOEFL(English Proficiency Test)**, Score: 94/120

2017-02 - 2017-07   **Chinese Language**, Tianjin University, China

2016-09 - 2017-02   **Chinese Language**, Fu Jen Catholic University, Taiwan
